

[Janome Digitizer Pro Software Download Torrent Download Download](#)

The Perla screen is easy to follow and intuitive with clear understandable icons. All functions are performed in the one screen.

All digitizing tools are easily found and quickly selected

A built in design browser makes it easy to open designs directly into Perla

One click is all it takes to select the type of stitch you want

Fine tune and add creativity with advanced properties settings

A clear and easy to use stitch sequence viewer makes digitizing a breeze

Perla includes most popular thread brand catalogues
